DEPARTMENT OF SCHOOL EDUCATION (PRE-UNIVERSITY)
Lesson Based Assessment (LBA) 2026-27
Subject: ELECTRONICS (40)

SL NO	MONTH	LBA NO	SYLLABUS	SYLLABUS COVERED %	LBA DATE
1	JUNE-2026	I	1. Introduction to electronics 2. Introduction to digital electronics (up to number system)	10%	JUNE THIRD WEEK
2	JULY-2026	II	8A. Introduction to digital electronics (Boolean algebra) 3.Measuring instruments 2 Principles of electricity (up to charge)	10%	JULY SECOND WEEK
3	July-2026	III	2 Principles of electricity (up to network theorems)	11%	JULY LAST WEEK
4	AUGUST-2026	IV	2 Principles of electricity (A C principles) 4 Passive electronic components(up to resistors)	10%	AUGUST SECOND WEEK
5	AUGUST-2026	V	4 Passive electronic components(up to inductors)	10%	AUGUST LAST WEEK
6	SEPTEMBER-2026	VI	4 Passive electronic components(remaining) 5A Application of DC and AC to passive components	11%	SEPTEMBER SECOND WEEK
7	SEPTEMBER-2026	VII	5B Application of DC and AC to passive components 6 Semiconductor diodes and applications (up to semiconductor theory)	9%	SEPTEMBER LAST WEEK
8	NOVEMBER-2026	VIII	6 Semiconductor diodes and applications (from pn junction to wave shaping circuit)	13%	NOVEMBER SECOND WEEK
9	NOVEMBER-2026	IX	5 Semiconductor diodes and applications(remaining) 7 BJT	10%	DECEMBER FIRST WEEK
10	DECEMBER-2026	X	8B Basic logic gates 9 Practical electronic components	6%	DECEMBER LAST WEEK
PREPARED BY					
1.	Padmashri Hegde		Government P U college Peenya, Bangalore		

1. Each LBA to be conducted for 30 Marks (10 marks objective type questions and for 20 marks descriptive type)
2. Each LBA date may be adjusted according to holidays and institutional calendar.
